

The Community Hub @ Castle Point

In January 2013 Castle Point was taken on by a team of volunteers from LifeLine Church. The aim was to provide a 'Hub'...a space where people could connect and share life with each other and express what it means to be a community.

Our programme of events reflects the interests, needs and resources of our community. All sessions are run and supported by volunteers...from teaching Conversation class to cleaning!! We are from many different walks of life, young and old(er)... So if you would like to share more of your life with others, have something to give, or would simply like to come and see we welcome you to join us and hope you will find this a place where you can belong.

LifeLine Church is a vibrant community of local people who believe that God transforms our lives. He empowers us to make a difference wherever we are by demonstrating love, bringing hope and creating peace.
